Description

Very nice duplex apartment in a central city location in Kiel. The house was recently extensively renovated. The apartment has an open living area on the upper floor with a large dining table and a high-quality open fitted kitchen with all appliances including a wine cabinet. On this floor is the guest toilet and a large terrace. On the lower floor is the large bedroom and the shower room with a floor-level shower, and a very large walk-in closet. Here you will also find the study with a large built-in closet. From below you can reach the lower terrace and the garden and a path directly to the parking space. The apartment has underfloor heating. Despite its central location, Siei is very quiet.
